Kemo Production

Art Creation is Our Passion

## About us

We are a group of friends from Saudi Arabia who are passionate about art creation. We started as a hobby taking pictures and videos of ourselves and random things; to helping startup restaurants & coffeeshops create a name of themselves in no time. Moreover, working with top cooperates into their special customized needs.

Our signature and goal in work is to translate emotions visually. To tell a story or a feeling with the highest standards a camera could deliver and an eye could tell.

## Our Team

### **Kumail Al-Saihati**

The founder and Dinamo of the team. He sees things from a different eye and will surprise you with his crazy visions

### **Mohammed Taqi**

The co-founder and the heart of the team. He basically draws with lighting and can take any scene from dramatic to horror!

### **Mahdi Taqi**

The behind the scenes power. The final product cannot be done without his crazy editing skills. He takes our footage to the next level

## Services

### ▶ Video & Post-Production

Captivate audiences with awesome cinematic masterpieces and imaginative post-production. Our production team uses contemporary methods, clever editing and dramatic color correction to inspire audiences.

### ▶ Photography

Whether you want to photograph your staff members, or a menu for your restaurant. Our amazing Photographers understand your uniqueness and create the best concept that fits you

### ▶ Voiceovers and Audio production

We speak your language. Connecting with native Arabic, English and international speakers allow us to produce commercials, cooperate videos, music compositions and more, all in your native tongue.

### ▶ Event Coverage

Kemo Production stellar event productions are impressive assets that truly capture the essence of an incredible event. Our high quality cameras, and creative edits and photography offer an immersive way to relive and share an experience.
